[N] **Notes:**

(1) The "Contract Rates" are available to any Shipper that has executed a Transportation Services Agreement ("TSA") with Carrier on or before March 30, 2025, pursuant to which such Shipper has agreed to ship, or otherwise pay for not shipping, a minimum volume of 40,000 Barrels per day from any combination of the Origins listed in this tariff to any combination of the Destinations listed in this tariff for a minimum term of seven years (such shipper referred to as a "Committed Shipper"). Shippers that are not Committed Shippers and therefore do not qualify for the Contract Rates specified herein, may ship volumes from the above-noted Origins to the above-noted Destination via the applicable published Bridger local tariffs.

(2) Based on total barrels shipped by a Committed Shipper in the month, divided by the number of days in such month. For example, if a Committed Shipper ships 1,200,000 barrels in a 30-day month, such Committed Shipper will be deemed to have shipped 40,000 barrels per day, on average, during such month. The Committed Shipper shall be assessed the rate of 257.15 for the first 12,000 barrels shipped each day of the month, and a rate of 205.00 for the remaining 28,000 barrels shipped each day of the month.
